Business America Index

January-December 1997

This index of *Business America* provides a reference to the articles and features published in all issues of the magazine during 1997. The index is designed as a tool for readers trying to locate material published in past issues of the magazine. The month of issue and the page number are cited. Articles have been indexed by subject, country, and—in some instances—by product or service; they are listed chronologically by month of issue under each heading. Unless otherwise noted, the authors are employees of the U.S. Department of Commerce, most of them in the International Trade Administration (ITA).
Single copies of back issues for 1997 can be obtained for $5.50 from Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, tel. (202) 512-1800.
Many U.S. depository libraries subscribe to *Business America*.

A
